

STRENGTHENING GOVERNMENT

Since last year's meeting, we have continued building on the foundation of strengthening local government. We have made further progress in organizing records, improving internal processes and creating clearer systems for managing information and day-to-day responsibilities. We have also gained a better understanding of the work that remains and the areas where continued attention is needed.

There is still work to be done, but the progress made over the past year has been meaningful. Strengthening our administrative foundation is an ongoing process, and each improvement helps create a more organized, accessible and effective Village office.
